

DRONE SUMMIT 2025

Driving Innovation & Technology
for Global Security

May 28 ATTA CENTRE, Krasta Street 60, Riga, Latvia

ABOUT

The Drone Summit 2025 marks a pivotal moment in advancing drone technology, innovation, and defense strategies.

To commemorate the first anniversary of the Drone Coalition for Ukraine, the Ministry of Defense of Latvia, in cooperation with Riga Technical University, is hosting this exclusive, invitation-only event. The summit will bring together high-level political leaders, military experts, scientists, and industry pioneers from Drone Coalition member states.

The Drone Summit 2025 will explore the challenges, achievements, and future potential of drone technology. Attendees will have a unique opportunity to engage in:

High-Level Panel Discussions

Political, Military, Industry & Research Perspectives

B2B Networking

Connect with Key Players & Decision-Makers

Expert Insights

Global Security, Modern Warfare & Drone Technology

Hands-On Workshops

Drone Assembly, AI Solutions, Sensors & More

Cutting-Edge Exhibition

The Latest Advancements in the Drone Industry

Strategic Discussions

Future Military, Operational & Tactical Applications

With a focus on real-world military applications, technological breakthroughs, and strategic partnerships, the Drone Summit 2025 serves as a premier platform for shaping the future of drone innovation and defense.

WHO SHOULD ATTEND?

The Drone Summit 2025 is designed for key decision-makers and experts shaping the future of drone technology and defense strategies. This exclusive gathering is intended for:

Government officials | Military leaders

Defense analysts | Industry executives

Top researchers from Drone Coalition member states

Attendees will include those directly involved in policy development, military operations, technological innovation, and industry advancements, ensuring a high-level exchange of insights and expertise.

Whether you are a Drone Coalition member, NGO representative, business leader, or private individual, if you are committed to supporting democratic values, strengthening drone capabilities, and aiding Ukraine in its defense, the Drone Summit 2025 in Riga is the place to be!
